A place to be brand, Barcelona

Ascaso is Barcelona. Its streets, its people walking through them, living with each step on its historic tiles, feeling the Mediterranean vibe, the appreciation for good design, the passion for the coffee moment. Ascaso is a seal, a distinction, Barcelona's signature. A tribute to the way of living and creating, to the way of seeing, thinking, and speaking.

Barcelona inspires every aspect of our machines. Barcelona is within us. In every detail, every feature. Our DNA, our home, our emblem.

Our values

01

**The flavour
of being**

We represent the expression of what unites us.

02

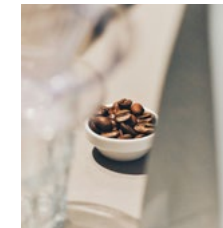

**Balanced
commitment**

Our horizon: where craftsmanship meets technology.

03

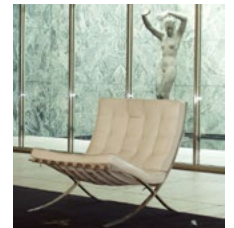

**The scent
of quality**

Passion for enduring excellence and unique harmony.

04

**The good
design**

To be Ascaso is to be sensitive to good design.

T Technology

What is it?

T Technology is understood as a series of elements that, either on their own or in combination with other factors and electronics, enable our coffee machines to deliver superior performance with significant energy savings compared to traditional machines with saturated groups.

100% food-safe.

Thermal stability. Cup-to-cup consistency.

Sustainable technology.

Home Collection

Let your favorite coffee spot in the city be your own home. That's exactly what we aim to achieve with our *Home Collection*.

ascaso

Dream

Dream blends style and performance for the home. Its neo-retro design and vibrant colors stand out, while PID technology and premium components ensure barista-level coffee, every time.

Steel

Steel is perfect for enthusiasts who value industrial design and performance. Its compact build and dual thermoblock system with PID ensure consistent, professional-quality coffee and powerful steam.

Baby T

Designed for home baristas who value every detail, Baby T inherits Barista T's professional DNA. Its industrial design pairs style with reliability, while the thermoblock and independent steam boiler deliver up to 50% energy savings.

H64

A professional grinder specially designed for home spaces. Unlock the full aroma.

Commercial Collection

When you provide an excellent service, the impression left on the customer must also be excellent.

ascaso

Baby T

Baby T blends compact design, $\pm 0.5^{\circ}\text{C}$ precision, an adjustable rotary pump, and robust construction. Its advanced thermoblock and steam boiler offer up to 50% energy savings.

Bar Mini

Bar Mini is a compact professional espresso machine designed for businesses where coffee is not the core activity. espresso quality without oversizing space or investment.

Bar

A professional machine that does not require barista knowledge, a machine you can trust to elevate your business space.

Barista T

Barista T is built for commercial use—delivering durability, energy efficiency, and pure coffee in one minute through T technology and thermoblock innovation.

Big Dream

A high-end machine for specialty coffee pros—combining thermoblock technology, precision, energy efficiency, sleek design, and exceptional cup quality.

P74

The P74 combines state-of-the-art grinder technology with modern design.

For the genuine coffee lovers.
